

FOREST CARE FUND

ABOUT GEC

Global Environment Centre was established in 1998 to work on environmental issues of global importance. The Centre is registered in Malaysia as a non-profit organisation (473058-T) but works regionally and internationally both directly and through many partners. It supports information exchange and capacity building as well as undertakes strategic projects particularly in developing countries. It works in partnership with other like-minded agencies worldwide.

ABOUT FCP

The **Forest & Coastal Programme** promotes sustainable management of forests and wetlands through awareness and rehabilitation activities at local, national and regional levels. It focuses on developing community-based forest conservation activities to reduce deforestation, prevent forest degradation and promote sustainable livelihoods among local communities.

ABOUT FCF

The **Global Environment Centre — Forest Care Fund** helps support sustainable management and rehabilitation of forest, wetlands and peatlands to prevent of peatland fires, haze and reduction in greenhouse gas (GHG) emissions, conserve biodiversity and mitigate climate change. The fund also helps kickstart long-term environmental projects with local communities.

Some crucial project areas in need of financial support include:

- Community-based **Rehabilitation of North & South Selangor Peat Swamp Forest**
- Community-based **Fire Prevention Plan and Control Management**
- **Mangrove Rehabilitation Programme** in Kuala Gula and /or Sabak Bernam
- Coalition for **Haze Free ASEAN** including haze awareness and prevention
- **Peatland Forest Ranger (PFR) Programme**: Educating Today's Student for a Sustainable Future

Donations made to the fund are tax-exempted.
